Authors full names, affiliations and contact details:

Corresponding Author full name, affiliation and contact details:

The authors confirm that:

- 1) The corresponding author is empowered by all authors to act on their behalf with respect of the submission of the manuscript.
- 2) All authors have participated sufficiently in this paper to take public responsibility for its content and are responsible for the validity and integrity of the work as a whole.
- 3) Institutional affiliation of all authors of the manuscript is proper and does not imply a conflict of interest.
- 4) The submitted manuscript has been reviewed and approved by all authors.
- 5) Neither this manuscript nor a manuscript with similar content or research under my/our authorship has been published in any language or being considered for publication elsewhere (excepting as an abstract or as part of a published lecture or thesis).
- 6) The corresponding author has informed the editor of any conflict of interest. The conflict of interest disclosures are accurate, up-to-date, and consistent with the information provided for each author.
- 7) The manuscript does not contain no materials that would violate the copyright or any other rights of any person or institution.
- 8) By submitting the manuscript (including all illustrations, figures and tables) each author agrees to retain ownership of the copyright for the manuscript and allows anyone to download, reuse, reprint, modify, distribute, and/or copy articles in *Cardiometry*, so long as the original authors and source are cited. No permission is required from the authors or the publishers.

Optional field:

Despite double-blind type of peer-review, Cardiometry respects authors' opinion and encourages them to suggest and/or challenge to referees. Any suggested peer reviewers should not have published with any of the authors of the manuscript within the past three years and should not be affiliated in the same institution. Cardiometry considers the suggestions but is not obliged to follow them.
